4. Police Report: No Report

5. Treasurer's report: No Report

6. RCONA report: No Report

7. Library Report:

- a. The Second Annual Decorating contest theme is Harry Potter. It will be held in Maidu and the library will be broken into three sections tied to the theme. Volunteers are needed.
- b. Mobile 2 box is coming. The Library will provide an expert to answer questions placed in the box related to mobile devices and the library.
- c. The new library system will be coming up soon. Accordingly the head librarian is willing to come to one of our meetings and speak on the new system or whatever else we'd like her to address.

8. Old Business:

- a. Library Donation Status: The wood and hardware for drawers has been purchased. The unit should be put together this weekend. The "plaque" will be paper until the funds are available to get the plaque. David will contact Jim to have him investigate having the city

move the completed system to the library. Fran will contact Susan Rowan to see if they are interested in getting publicity for the donation. David will get bids on the plaque.

- b. Neighborhood sign status: No Update
- c. MNA Boundary Change: We did get good response from the neighbors in the annexed area. David will work on new maps for the new block captains.
- d. Park Clean up: Lance talked a bit about the West Colonial clean up and noted that there was a lot of dog piles because the new station was placed between the two entrances and so it wasn't being used. He wants to talk to the city about moving the one and maybe getting a second. He will talk to Jim about follow up. We also need to put an article in a newsletter next year because people need to pick up after their dogs and the stations are simply to provide bags in an emergency.

9. New Business:

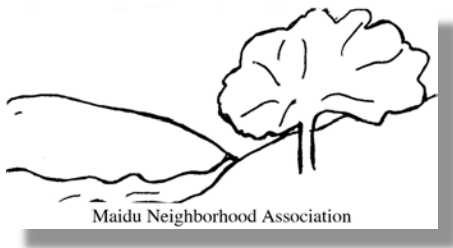

- a. PBED (Public Business Enterprise District): Lance was contacted by City of Sacramento. The Police department wants to meet with businesses along the Alhambra corridor to form a community police interaction. They are looking to provide a commercial version of the neighborhood watch.

What caught his attention was the PBEDs. This may or may not be applicable to our association. We do have a commercial area in the neighborhood.. The businesses "tax" themselves and the funds are used to create a security presence.

It was suggested talking to the Roseville Chief of Police and Jim, as the RCONA representative. This program would seem to be more appropriate on a city-wide basis. This is why RCONA might be interested.

10. Announcements and Remarks:

Hello all,

I met with Natasha Casteel, City Librarian, today and have the following to report:

1. The library will arrange and pay for a professional moving company to p/u and deliver the cabinet to the library. Ken and I will coordinate with the builder and the library for the p/u and delivery schedule. Once that is set I can relay the information to you all.
2. The library will work with the MNA to choose a date and time in January for the photo opp. and press release for the presentation of the cabinet to the library. Please submit some dates and times including when and who will be available to participate and represent MNA.
3. Included in the final arrangements for the photo opp. will be a joint invitation to the city council from the library and MNA to attend the presentation.
4. Also, we will need quotes from the board for the newspaper article. Be thinking of MNA's motivation to support the library. While the other side of the article will highlight, the library's gratitude to be the recipient of the gift and what it means to have the support of the community, etc.
5. If you would like me to coordinate some of the above with the library, please let me know what aspects you'd like me to work on. Any portions you'd like me to work on, all drafts would be submitted to the board for approved before a final would be sent to the library, i.e. invitation and press release, etc.

Thank you for giving me the opportunity to work out these details on behalf of our neighborhood assn.

Library Report November 27, 2012

The library branches are involved with the 2nd annual decorating contest, Maidu's theme is Harry Potter with 3 sections of the library dedicated to 3 separate aspects of the story's theme(s).

Mobile Tool Box a drop-in 'learn to use your mobile device' is being promoted at each of the three branches the schedule of when and where are available on the library's web page.

Also available will be pre-loaded devices for three week check out periods allowing patrons the opportunity to try them out at home.

Although closed for the last year of the month the library will be installing and going live with the new library system. Staff is being trained and the public will learn about it in January and beyond. As I understand the www.roseville.ca.us/library will still be the access.

The librarian said she will be glad to come out to speak on the new system or any other topic related to the library system if our NA is interested.

That's the latest from,

Fran Webb
