Still contemplating whether or not to participate in the annual Neighborhood Garage Sale? We'd love to have you join us, but time is growing short. It's as easy as filling out the registration form at the bottom of this page and mailing it in with your check or calling Mary Steele (at phone number on the left) to arrange drop off.

To allow us time to include you on the maps we'll be handing out on the day of the sale, your form and check must be in by Friday, April 17. If we receive your form after that date, we'll do all we can to include you on the map, but we cannot guarantee it.

All paid participants will be included in the drawings for special prizes.

Remember, the money we raise supports our neighborhood activities; for example, National Night Out and our annual Park Clean-up & BBQ.

If you have any questions, you may contact us through "**feedback (at) maidu-na.com**" or call one of us listed on the left. Note: Your garage sale kit will arrive at your doorstep 2 weeks before the sale.

Thanks for your support of the Maidu neighborhood Association!

## A Conservative Approach to Water Use

by David Allen

As the drought worsens, conserving what little water we have left is imperative. The trick is doing so when there are so few reminders of the severity of the shortage. Turn on the tap, the shower, or the sprinklers, and the water flows the way it always does. Check your water bill, and the price is still the same. Look around our neighborhood this time of year and everyone's landscaping is green and vibrant.

To get in the mode of conserving, take a conservative approach. Think about that well-worn idiom of financial conservatives, "saving for a rainy day." Take action now before things get worse. Conserve water now so we can make it to that next rainy day.

How do you show you're saving for a rainy day? One way is to collect the cold water in a bucket while you're waiting for the shower water to heat up. You can use that water to hydrate your house plants. However, the number one water user is likely to be your outdoor landscape watering. Do what's needed to send no water into the gutter. None. Zero. Zilch. Nada. Get familiar with your sprinkler timer so it waters until just before runoff begins. Not enough water? Have the timer do the same thing a few hours later after the water has soaked in. The yard gets what it needs. No water is wasted. Call the City if you need help at 774-5761. They'll be glad to reprogram your timer and give you other water-saving tips.

## Newsletter Delivery

We are looking for an individual to deliver approximately 40 newsletters once a month. It's easy; you walk a specified route and drop a newsletter on the front porch. The area includes houses on Lee Way and on Decker Drive. Send an e-mail to [jckidd@hotmail.com](mailto:jckidd@hotmail.com) if you can volunteer. We need you.

For a fast-paced, laugh-out-loud fantasy novel, check out Rebecca Chastain's "A Fistful of Evil." Set in Roseville (an Amazon Top 100 Fantasy Bestseller), the novel follows Madison Fox, a clumsy heroine, who learns that her ability to see souls is a weapon for fighting evil. ## Neighborhood Watch Training

by Scott Reid

If you're a Maidu Neighbor, aren't you covered for neighborhood watch? While we advise you of known issues, and run our ever-popular "Watchmail" group for e-mail alerts on local crimes, you can add to that protection by starting a neighborhood watch group with your neighbors, the best in local awareness!

Give the Roseville Police Department an hour, and they'll give you everything you need to start a neighborhood watch group. Their next training session will be from 5:30 pm to 6:30 pm on Tuesday, April 28, at the Roseville Police Department. RSVPs are appreciated so they can make sure they have enough materials for everyone. Email the coordinator at [PDCCommunityServices@roseville.ca.us](mailto:PDCCommunityServices@roseville.ca.us) or leave a message at 774-5050.
