At the auto mall keys dropped into the lock box have taken and cars stolen. This means it can be as much as 12 hours before the owner knows their vehicle is stolen. The police are working with the dealerships. Beat 2 has had only three auto thefts in the last thirty days.
- b. Walstad and Haley gave the usual recommendations. Don't keep valuables in the car, don't leave garage doors open, etc. One individual was caught at a local hotel due to an individual calling the license number and make of a suspicious car they noticed.
- c. Lt. Walstad told a few stories where alert citizens seeing something suspicious called the police resulting in arrests and recovered items.
- d. Holiday warning. Do not leave stuff in the car. Do not put stuff in the trunk at the mall as potential thieves are watching. Also be alert to when packages are being delivered to the home as thieves watch delivery vehicles and steal packages from front doors. The police sometimes discretely follow delivery trucks looking for opportunities to arrest thieves.
